

**MARATHON COUNTY HAS 3 NO-TILL DRILLS TO BE USED TO ENCOURAGE HIGH RESIDUE MANAGEMENT IN ROW CROPS AND FOR INTERSEEDING PASTURES.**

**THESE DRILLS ARE NOT TO BE USED ON FIELDS WITH LESS THAN 30% RESIDUE**

**TRUAX DRILL 8' wide:** The Truax drill which works great for interseeding clovers & small seeded grasses into existing pastures that are not real dense or have been set back with Roundup or very hard grazing.

**AITCHISON DRILL 8' wide:** The Aitchison is a no-till drill made specifically for interseeding and complete renovation of pastures. It can handle a complete seed mix in one hopper and does a very good job in most situations, except it does not go through large amounts of long residue very well. Just a warning, **it will pull up some stones if they are near the surface.**

**GREAT PLAINS 10' wide:** The Great Plains is a 10' wide heavy drill that requires an 70hp tractor. It has two seed boxes; one for legumes and small grass seeds and one for grasses up to peas.

**COSTS:** *You must fill out the enclosed reservation form and return it with your payment to get on list to use drill.*

**No-Till Drill Operating Agreement**

I agree to the terms and charges for use of the drill/seeder and to maintain the drill when I use it. I understand that it is allowed only for use on land which is being used or will be used for rotational grazing, and on lands which have not been tilled for row crops. I agree to reimburse Marathon County for use of the drill at the required rate before receiving the drill. Payment is due before you will be allowed to use the drill.

Drill Rental Flat Rate	\$50 flat fee	<b>A.</b>	<b>\$ 50.00</b>
PLUS \$6.00 per acre	x <input type="text"/> acres =	<b>B.</b>	<b>+ \$ <input type="text"/></b>
	<b>TOTAL AMOUNT:</b>	<b>=</b>	<b><input type="text"/></b>

**CIRCLE DRILL NEEDED:**  Aitchison  Truax  Great Plains  
**CIRCLE USE:**  Interseeding Pastures  High Residue Planting
