ATCP160.02PremiumRequirements

A county or district fair shall meet all of the exhibition requirements of this section to be eligible for state premium aid.

(1) No fair society or other organization sponsoring a county or district fair shall require an exhibitor to become a member of the organization in order to enter an exhibit at the fair, nor shall the sponsoring organization make any deduction from an exhibitor's premium as a donation to the fair society, or require an exhibitor in any other way to make a donation to the society.

(2) State aid may not be approved for out-of-state exhibits or for separate Divisions of local and non-local exhibitors. Aid may not be approved for payment of premiums to an exhibitor having an out-of-state address but claiming Wisconsin residency unless the fair secretary provides the department with an affidavit that the exhibitor's residence is geographically located within the state.

(3) State aid may be paid only on articles or animals actually on display in an exhibit building or actually shown in the show ring on regular fair dates unless approval for split fair dates is obtained under s. ATCP 160.02 (4). ATCP 160.04 (8).

(4) State aid may not be paid on exhibits removed from the fairgrounds before 4 p.m. of the last day of the fair, or such other later time as may be specified by the fair, without prior approval of the department. Authority for earlier removal may be granted by the department in case of meat animal sales or other special Divisions, if requested before the beginning of the fair. In other hardship cases, approval may be granted by the local fair. Exhibits

(3) Exhibits in the junior fair shall be a result of the exhibitor's own labor and may include a study, merit, or other special project, a skill area or a supervised occupational experience in which the exhibitor is regularly enrolled.

No aid may be paid on education department premiums unless a complete list of exhibitors and a complete set of judges' sheets for the education department, similar to those required in other departments, is filed with the department. All educational exhibits shall be displayed at the fair regardless of whether they are judged prior to or at the fair.

(6) If 16 or more animals, items or articles are entered in any junior fair Division, the Division may be divided into two or more approximately equal groups according to weight, age or other identifying characteristic and each group judged as a Division.

(7) Special educational exhibits may [be] established if the proposal is presented to the Wisconsin association of fairs before October 1 of the year preceding its proposed establishment and the exhibit is approved by the department.

(8) Within any junior fair department under subch. IV, a county or district fair may establish special Divisions where none are specified under subch. IV. Wisconsin State, County and District Fairs Animal Health Rules and Regulations

Summary

If a fair or livestock exhibition lasts more than 24 hours, the sponsors shall appoint a licensed veterinarian to conduct a daily inspection of all livestock at the fair or exhibition. The veterinarian shall review all records and test results required under ATCP 10.87. If a fair or exhibition lasts less than 24 hours, all records or test results required by ATCP 10.87 shall be reviewed by a licensed veterinarian or by the show chairperson. Records shall include exhibitors name and address, identification of animals exhibited including number, type and description, documentation to show compliance with disease testing and other health requirements, and the livestock premises code, if any, of the premises from which the animals originate.

This is a summary of DATCP animal health requirements for fairs and exhibitions only. These requirements may change due to animal disease emergence in Wisconsin or other states, for example, vesicular stomatitis in the western states. It is always advisable to check the Wisconsin Division of Animal Health website for current import requirements when planning to exhibit animals from outside the state of Wisconsin: http://datcp.wi.gov/Animals/Animal_Movement/index.aspx. You may also call 608-224-4874 for the import requirements. Animals meeting exhibition requirements may not meet all import or movement requirements for other purposes.

Animals that show evidence of having contagious or infectious diseases may not be commingled (or housed/kept) with other animals at a fair, show, or other exhibition in such a way as to allow disease to spread. Such animals should not attend the fair, show, or exhibition. Animals may be denied entry if they arrive at these events with contagious or infectious diseases, isolated and/or removed if they develop disease after arriving, or be subject to other action as would be necessary to control disease. Bovine animals with ringworm, mange, warts or scab will be removed from the fair or exhibition premises, unless the veterinarian in charge finds warts or ringworm lesions are incapable of transmitting disease.

Cattle and Bison

Cattle from within Wisconsin:

There are no test or health document requirements for Wisconsin cattle. However, fair management is responsible for maintaining records for five years of persons who have exhibited at the fair, the livestock premises code, if any, and the identification of animals shown. Entry blanks submitted and signed by exhibitors, including one of the forms of identification listed above will fulfill the exhibitor requirements.

Cattle from outside Wisconsin must:

Be accompanied by certificate of veterinary inspection (CVI) documenting official animal ID and all required tests and certifications, have at least one form of official individual ID (including steers). Meet all of Wisconsin's normal requirements for import (see https://datcp.wi.gov/Pages/Programs_Services/CattleBison.aspx) Steers are exempt from any brucellosis test requirement.

Cattle from Brucellosis Certified Free herds in Division A states may enter Wisconsin without a prior brucellosis test if the certified herd number and the last test date appear on the certificate of veterinary inspection.

Acceptable animal IDs for all cattle from outside Wisconsin:

- (1) An official metal ear tag
- (2) A breed registration number
- (3) A breed registration tattoo, or
- (4) Other identification approved by the department. For steers, either an official identification as listed for breeding

All cattle originating from Modified Accredited Advanced states, or states that Wisconsin treats as MAA because of diagnosed cases of bovine tuberculosis, shall have a negative

tuberculosis test within 60 days of import. Call the

Division of Animal Health for a current listing of these states.

Cattle imported from states not recognizing Wisconsin's Tuberculosis Free status shall be required to have a negative tuberculosis test for cattle within 60 days of import. Cattle originating from Tuberculosis Accredited Free herds (except Michigan) may enter without a prior tuberculosis test if the accredited herd number appears on the certificate.

Cattle from Michigan's Modified Accredited Zone

(for cattle from Michigan's TB Free Zone, see requirements by state above) also need:

- (1) Import permit,
- (2) To originate from a herd that has a negative whole-herd TB test within 12 months before arrival in Wisconsin that includes all animals 1 year and older,
- (3) Negative individual TB tests within 60 days before entering Wisconsin,
- (4) To return directly to the state of origin after the show, and there must be a statement on the CVI that they will be doing so.

Cattle from Canada may be exhibited in Wisconsin if they meet current federal requirements to cross the international border.

Swine

Swine from within Wisconsin need:

A Wisconsin intrastate movement certificate, stating that the herd of origin was inspected on the farm within 30 days before the show and showed no signs of disease.

Swine from outside Wisconsin need:

A certificate of veterinary inspection that includes the following: a statement of the PEDv status of the herd of origin (if known), a statement of the PRRS status of the herd of origin (if known), a statement that the veterinarian has inspected the entire herd of origin within the past 30 days and that no apparent disease was present at the time of inspection, and official identification number

Acceptable methods of ID for swine are:

- (1) USDA silver ear tag
- (2) USDA 840 ear tag, either visual or RFID
- (3) Breed association tattoo if the pig is a purebred and the tattoo is registered
- (4) An ear tag with the premises identification number and a unique identifier
- (5) Ear notch (if the pig is a purebred and the notch is registered)

Sheep and Goats

Sheep and goats from within Wisconsin need:

If sexually intact, need official individual ID at any age; If not sexually intact, need official individual ID if they are 12 months or older; Official ID includes scrapie ear tags or tattoos, USDA 840 ear tag, approved microchips if a reader is available and if accompanied by breed registration papers in the owner's name, or breed association tattoo if accompanied by registration papers in the owner's name; Cannot be under restriction for movement to fairs and shows

Sheep from Outside Wisconsin need:

Certificate of veterinary inspection and official individual ID: scrapie ear tags or tattoos, USDA 840 ear tag, approved microchips if a reader is available and if accompanied by breed registration papers in the owner's name, or breed association tattoo if accompanied by registration papers in the owner's name Goats

Goats from Michigan's TB Modified Accredited Zone also need:

- (1) Import permit

Junior Fair

Chapter ATCP- 160.01

Who May Exhibit

Wisconsin Valley Fair exhibitors in the Junior Fair division shall be members of 4-H, FFA, FCCLA, or any other youth organizations under adult leadership and with an education program approved by the local fair. Membership must be current as of March 1st of the current fair year. Members of other bonafide youth groups in Marathon County may also become eligible to exhibit upon review by the Fair Board and meeting qualifications as such.

Junior Fair exhibitors must be enrolled in grades K-13, or age 19, whichever comes 1st, of the current Fair year and be eligible for enrollment in their organization. Exhibits are limited to those areas covered by the education offered through the organization.

Failure to comply with these requirements will bar entry and payment of premium money.

Wisconsin Valley Fair

Junior Fair Philosophy and Policy statement
Preparation of Junior Fair Exhibits

The ultimate goal of the Wisconsin Valley Fair as it relates to the Junior Fair is the development of the exhibitor, both from an educational standpoint and from one of actual experiences. The actual project itself is secondary. In the development of the exhibitor, the teaching of principles of ethics, integrity, honesty, community, and hard work is integral to success.

The family and the greater community are needed to support a young person's growth and development, as well as their educational experiences. We commend clubs, families, and community members who work together with an exhibitor to teach him or her these skills and principles.

The Wisconsin Valley Fair Board demands the work that is exhibited and judged at the Junior Fair be that of the exhibitor. If adults and non-members are participating in the development of the project (including the fitting of animals), it is to be done in an educational manner for the benefit of the exhibitor education and experience, and not solely for the success of the project. Therefore, all preparation of projects needs to be done with the exhibitor present and actively participating.

Preparation and Fitting by Professionals

To further ensure the above philosophy, the Wisconsin Valley Fair Board directs that the fitting and preparation of an exhibit, solely by a professional, is prohibited. A professional is anyone who has or has ever received compensation for the services performed.

The only exception would be if the professional is working directly with his or her own child. The enforcement and ramifications of any violation here would be determined on a case by case basis at the discretion of the Wisconsin Valley Fair Board.

Rules Governing Exhibits

Exhibitors must be enrolled in the 4-H horse/pony project, horseless horse project or FFA.

- The Wisconsin Valley Fair uses state 4-H show rules, and guidelines for Performance and Gymkhana Divisions.
- Horseless Horse exhibitors: Your 4-H horse buddy and owner have the final decision regarding your participation at the Fair, based on your involvement with the project animal prior and safety reasons.
-

Safety Certification Guidelines (effective 2021) The safety certification is being implemented to assess and promote safety for all exhibitors, while participating with the Horse Department, at the Wisconsin Valley Fair (WVF). By promoting safety awareness and assessing skill levels of each fair exhibitor, the outcome may assist in decreasing safety concerns.

Criteria for safety certification The safety certification will assess the fair exhibitor's equine abilities and skill level, while focusing on safety, with their fair animal(s) in hand and on horseback. By completing the safety certification without concern, the fair exhibitor will have the opportunity to participate at the WVF. All fair exhibitors are required to complete their safety assessment certification, prior to the WVF.

First year exhibitors new to the WVF, Second year exhibitors, and other fair exhibitors with a different fair animal(s), other than the fair animal(s) they completed their initial safety certification assessment with, are required to complete their new safety assessment certification, prior to the WVF.

Once third year and above exhibitors successfully complete their initial skills assessment, the fair exhibitor with that specific fair animal(s) will not have to repeat the safety certification; unless a safety concern becomes evident in the future at the WVF. At that time, a discussion will be held with the fair exhibitor, family, and their horse leader to implement a plan to assist the exhibitor on improving their skills and safety awareness.

Safety Certification opportunities will be posted on Marathon County 4H Facebook page.

Exhibitors will be responsible for contacting superintendents to complete their safety certification.

Fair exhibitors safety skill level will be accessed, and documented by the WVF Horse Superintendents

Project Animal Rules

Project animals must be registered by May 15th. Pre-registration forms are available on the Marathon County 4-H web page.

Exhibitors may show two pre-registered project animals. However, consider registering additional horses in case of an injury to your primary project animal.

Team driving counts as one unit, not two horses. You may be in team driving and show another horse or pony.

No foals, weanlings, or stallions will be allowed on the Fairgrounds.

Age of project animals is determined as of Jan. 1 of the fair year.

Exhibitors are encouraged to keep their project animals in the horse barn. Project animals may arrive no earlier than 7am Tuesday, should be in place by 4pm, and must remain through competition of the last class on Saturday.

Project animals are to be ridden and lunged only by the exhibitor. Parents, guardians, 4-H leaders, and FFA advisors may assist for safety reasons, but exhibitors must be present during this time.

No professional trainers or groomers are allowed on the arena rail to coach, or work with the exhibitor, or horse on the Fairgrounds.

Fair Arrival and Check In

Prior to the Fair, exhibitors need to communicate their barn stall or daily trailering request to the general or horse leader.

Project animal(s) staying in the barns, arrive at the Fairgrounds between the hours of 7am and 3pm on Tuesday. If there will be Fireworks on Tuesday evening of the fair, exhibitors have the option to bring their project animal(s) in on Wednesday morning, prior to 10am.

Project animal(s) trailering in each day, can arrive when needed, each day of the show

Before unloading the horse(s) from the trailer, you must provide a copy of negative Coggins test, the 4-H Health Agreement Form, and have the project animal(s) examined for Strangles.

Project animal(s) are unloaded by the arena only

Fair Departure and Check Out

Before leaving the Fairgrounds, exhibitors must be checked out by a Superintendent, to assure the grounds are clean and free of manure and debris.

For those trailering in each day, trailers must be removed no later than one hour, after the completion of the last division of the day.

Barn and Arena Rules

Familiarize yourself with barn rules found in General Rules and Instructions – Junior Fair. These rules also apply to the horse barns.

Exhibitors stalling Horse(s) at the Fair, will be contacted prior to the Fair for stall assignment. Stall assignments will be posted on Marathon County Horse Project Facebook page

The herdsmanship meeting will be held Tuesday, at 4pm, in the Beef Barn. Corrections and changes to your class entries will be taken after the meeting.

All project animals must be identified by a sign while being housed in the horse barn indicating exhibitor's name, club/chapter, project animal name and age. The project animal identification (poster) and stall decorations must remain in place until 5pm, on Sunday. You may remove your premium ribbons.

An AST/SEI approved helmet and boots are required to be worn by everyone who is mounted or driving a horse or pony.

No bareback riding or riding with a halter is allowed.

No cell phones allowed while working with your project animal(s).

Back tags will be worn at all times, while working with your project animal(s).

A parent, guardian, 4-H leader, or FFA advisor is required to be present when the exhibitor is exercising, showing, or working with the project animal(s). This includes the arena, areas surrounding the arena, the field, and the wash rack.

Every horse and pony must be exercised no less than twice daily, when stalled in the horse barn.

Hay and bedding will be provided by the exhibitor.

Horse barn opens at 6 a.m. and closes at 9:30 p.m.

Only cordless clippers allowed.

No lip chains or twitches allowed.

Box fans allowed if approved by the Fair Board or Parks Department.

Show Rules

The Wisconsin Valley Fair Horse Show follows the Wisconsin 4H Horse Association Handbook for rules and guidelines. The handbook can be found by searching "Wisconsin 4 H Horse Association Handbook". Refer to sections on Hunt and Dressage Show, Gymkhana, and Equestrian Guidelines.

The final show schedule will be posted on Marathon County Horse Project Facebook page

Showbills, patterns, and herdsmanship information for the WVF will be posted on the Facebook page.

Additional important information regarding Horse project guidelines are available on the Facebook page.

Superintendents reserve the right to make the final decisions concerning exhibitor's entry categories and divisions

If an exhibitor has a conflict with showing in another project Department, they must report this conflict well before the conflicting horse class is to be held. This

exhibitor will be allowed to show separately, or in another class, but will be judged according to their category.

- **REVIEW** your class entries! It is the responsibility of the exhibitor to notify the superintendents of any cancellations, and or any changes of your class entries. Submit changes **in writing to** the superintendents at check-in on Tuesday. If you have changes throughout the show, submit in writing to the superintendents, prior to the beginning of the show for the day

Exhibitors must check in for their class with the in gate person, well before that class is going in to be judged

To maintain a safe environment, Superintendents will split classes into manageable size, using the grade of the exhibitors to create the division.

Showmanship, Horsemanship, Equitation, and Driving divisions will be judged under the Danish system. Pleasure, Halter, Trail, and Gymkhana will be judged under the regular system. Exhibitors will be paid only for their top two divisions: one from Showmanship, Equitation, Horsemanship, or Driving; one from Pleasure, Halter, Trail, or Gymkhana. If an exhibitor shows two horses or ponies, they will be paid for the top four divisions. Premiums will be awarded in divisions A-G.

Division H will be awarded ribbons only.

The top two blue ribbon exhibitors from senior and junior grade category divisions will compete for Grand and Reserve Champion awards.

The following divisions qualify:

- Division A – Showmanship
- Division B – Horsemanship and Equitation,
- Division C – English and Western Pleasure
- Division D – Halter

Rules Governing Exhibits

4-H members must be enrolled in the Rabbit project, unless otherwise specified.

Rabbits will be unloaded from 1 p.m. - 7 p.m. on Tuesday following instructions distributed to exhibitors prior to the Fair. All health papers must be presented to appropriate authorities prior to unloading of animals. The person bringing the animal into the Fairground should have all pertinent health and identification papers with him/her.

Exhibitors must be present and stand beside their show table cage of rabbits at the time of judging, Thursday at 8 a.m. If there is conflict with judging in another department, another junior fair exhibitor may present the rabbit. Adult and/or non-exhibitors cannot show the rabbit.

Judging will begin with showmanship.

- Rabbits must be checked in by the superintendent before you put your rabbits in the cages. No ribbons or premiums will be awarded if the rabbits are not checked in.
- No diseased rabbits will be allowed to exhibit. Exhibitors should check their rabbits for ear canker before bringing them to the Fair. Diseased rabbits must be removed immediately.
- Identification of ownership. A permanent tattoo in the left ear is the preferred method of animal identification. An identification number with a marker is acceptable. Please make sure that the number is always readable. Remark the left ear if it rubs off. Please use a unique identification number such as your exhibitor number and a prefix. Example, you show three rabbits A0071, B0071, and C0071.
- Rabbit boxes or carrying cages must be removed from the barn during the Fair

- Exhibitors must feed and water their own animals and provide utensils for same. Crocks or water bottles are required. No watering utensil that can be easily dumped over or chewed up will be allowed. If your rabbits are used to crocks at home, do not switch to water bottles for the Fair, the rabbit will not know how to get water. Rabbits must have clean water and clean cages at all times. No bedding provided.
- Exhibitors must own and take care of the rabbits they show as of June 1st of the Fair. Meat pen and single fryer rabbits must be raised by the exhibitor.
- For entries in Rabbit Education, see Department 10, Division D
- No breeding will be allowed in the barn or exhibit area

Rabbit Showmanship

Showmanship will be scored using the official American Rabbit Breeders Association score sheet. A copy of the score sheet can be found at:

<https://www.arba.net/PDFs/Showmanship.pdf>. When showing rabbits, the exhibitor should be wearing a white long sleeve shirt or lab coat.

Rabbit Showmanship for Non-rabbit Exhibitors

Designed for youth who are learning about the rabbit project, but do not own rabbits and are not showing project animals at the Fair. They have entered into a contract with another exhibitor to learn about the project throughout the year. A copy of the contract must be given to the superintendent prior to the show. These exhibitors will participate in showmanship, using an animal that is already being shown by another exhibitor.

- All non-face-to-face entries will be judged according to the Danish system on Wednesday of the Fair
- Exhibitors are responsible for wrapping their own entries. Baked goods should be wrapped in clear (non-colored) wrap or size appropriate plastic bag. Entry tag and recipe card should be stapled to a standard 6" white paper plate. Please do not put recipe card and plate in bag with baked product.
