Project Guide

A 4-H project is an area you want to learn more about during the 4-H year. Projects are used to help connect youth members with adult leaders who are knowledgeable in the project. There are projects on just about any topic you would like to study and explore, from art to woodworking, from computers to rabbits, from clothing to small engines.

Do not forget to check out the project pages on the Wisconsin 4-H website: 4h.extension.wisc.edu/opportunities/projects. On these pages, you will find descriptions for statewide projects, internet resources and links of interest, county fair exhibit suggestions, state specialist contacts, and other suggested 4-H resources.

How to Select 4-H Projects

4-H members . . .

1. Make a list of the things you like to do or want to learn more about.
   - Talk over your list with your parents, leaders, and friends. They may suggest some new things to try.
2. Compare your list with the projects described in this guide.
   - Ask yourself if you have the equipment, money, and time to do the projects that sound interesting.

   ***Note: If this is your first year in 4-H, focus on doing only two or three projects well.**

4-H leaders . . .

1. Make a list of things you are skilled in and/or enjoy doing.
2. Compare your list with projects described.
3. Select projects that you would like to lead youth in your club with or co-lead with other volunteers.
   - Example: You are a ceramics leader, so select Art project.
4. Adult volunteers select your volunteer roll. You will select your club as well.
5. To be a certified volunteer in your selected project area, you will need to complete the background check, VIP, Title IX, mandated reporter, and building safe spaces prior to being approved to engage in a volunteer role. Chaperones will be required additional training.
