Area Animal Science Days

Regional animal science educational opportunities are available to Wisconsin 4-H members. Specifically, Area Animal Science Days is a series of day-long events held around the state in June where youth in the beef, dairy, horse, sheep, and swine projects increase their decision-making skills and knowledge of animals through judging

and grading experiences. Events include dairy cattle evaluation; livestock (beef, sheep, swine, & meat goats) evaluation; oral reasons contests for senior members; and dairy showmanship contests. In addition, each site may offer a variety of workshops like poster and photography contests or horse judging activities.
